AMUSEMENTS.

Humbug was sgain the at raction at the Memphis Theater last night, before a well pleased audience. All the members of the company ensistined their rats well, Miss Emily Kean's performance being especially good. She increased the favorable impression made Thanday night. Humber will made Thursday night. Humbuy will

be given again at the mainee and Chick to-night. Crosby's Lime Museum. "How very handy that Jap is with his feet," was the remark made by a little n.ise last evening as she watched Stauma, the jurging and balancing artist, kirking alo t his ten-foot table. While the word "handy" is hardly the appropriate-one to apply to this case it is certainly true that the skillful artist makes his pedal extremities play a more important part than many people do their hands. His act in the lower annex hall has met with general favor, and he never fails to win a round of appliause. In the curio halls to day will be afforded the last opportunity for seeing the bearded lady, Mine. Meyers, and the celebrated balloon man, Wilson, who pulls in 425 cubic inches of atmo-sphere in a gulp. Of course those those who have not yet had a peep at the "What-you may-cell-it" will not fail to do so to-day, as, in company with the long-boned skele'on, Eugene Ferralto, "it" will leave Memphis for the season on Sunday. The stage programme for the week, which ends this evening, is one of the

best ever offered in this cosy little theater. From first to last it is full of interest. This being the day for the smal people the usual morning pertormances, commencing at 10 a.m., will be given, embracing all the features and including that unique society drams, 'Punch and Judy. On Monday afternoon the first session Wild War Whoops Women of the Fat Women's Convention will be held.

Advice to Mothers. Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all rain, relieves wind, regulates the pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhea, whether arising from teething or other causes.
